# ABOUT US

## THE PRIMEQUIP GROUP STORY

Founded in 2017, we are proudly West Australian owned and operated, specialising in plant machinery hire for both dry hire and wet hire operations; resource management; waste and recycling; and field services.

Primequip has over 60 years combined experience in the mining and construction industries. We have the expertise to recommend and provide solutions which both meet our clients' needs and achieve their desired results, in the most resourceful way.

At Primequip, we pride ourselves on unmatched customer service and support. We know our clients require reliable, efficient and trustworthy machines to complete their projects, no matter the size of the contract.

Choose Primequip for your next project and be assured that you've found the finest equipment in Western Australia.

**We supply to a range of industries:**

- Mining
- Timber
- Ports
- Construction
- Quarrying & Aggregates
- Waste & Recycling
- Civil Engineering
- and more...

# WHY CHOOSE US

## PREMIER PROVIDER

Primequip are the premier provider for plant hire in Western Australia. With a thorough understanding of construction and mining projects, we proactively support you in achieving your project goals.

## MODERN FLEET

By continually investing in the renewal of our fleet, we maintain the most modern, up to date, efficient plant hire options for you. From excavators to dozers and even bespoke specialist projects, we're confident that we have the right equipment to suit your project needs.

## FLEXIBLE HIRING OPTIONS

We offer flexible hiring options which range from hourly to fixed long term hire agreements.

Well-maintained used plant is also available for purchase.

## OUR FLEET ARE

- Sourced from leading manufacturers
- Equipped with machine control systems
- Engineered using modern technology
- Mine-specified
- Low-hour
- Available at an affordable rate
- Maintained, reliable and trustworthy

Our clients are our number one priority

# CUSTOMER SERVICE

Primequip strive to ensure you receive the best when it comes to customer service. We believe a professional, personable and friendly approach to every communication is essential.

In every interaction – whether that's hiring a machine, requesting mechanical assistance, invoice enquiries, or receiving support from our resource management team – Primequip is committed to providing top quality service every time.

With our focus on genuine, professional service and building client relationships, we have secured numerous repeat clientele, who regularly utilise our service. We look forward to working with you.

We ensure the best service, price and availability for every client

# WET, DRY & LABOUR HIRE

Our substantial range of machines are available on both dry and wet hire, with flexible long and short term rates available. We can also provide labour hire for your projects.

## NEED MACHINES?

We dry hire Australia-wide and have all the well maintained, reliable and efficient machines required for your next project, no matter what industry you're in.

- mining
- construction
- civil engineering
- timber
- quarrying & aggregates
- and more...
- ports
- waste & recycling

## NEED AN OPERATOR?

Wet hire, and labour hire, is available from Perth to all regions of WA. Our operators are ticketed, experienced, knowledgeable and ready to assist your next project.

## DON'T KNOW WHAT YOU NEED?

Primequip provide a free, no obligation consultancy service to recommend tailored machine solutions for you.

## BENEFITS OF HIRE

- no upfront deposits
- no finance contracts
- ability to cancel a contract at any time
- free up both equity and peace of mind for your next contract

Tailored solutions to meet your needs

# RESOURCE MANAGEMENT

**Primequip specialise in resource management solutions for civil construction and maintenance services. We deliver innovative end-to-end solutions utilising operating techniques and modern equipment.**

**Our highly skilled, professional project team are committed to providing tailored solutions to meet client needs. We mitigate risks and associated costs to you, whilst still welcoming your collaboration on the project. Primequip provides a streamlined, efficient, and cost-effective way to manage projects.**

**As our client, you will have one point of contact to manage and coordinate all your requirements and expectations. We keep communication open, providing information on the project week-to-week in relation to progress, costs to date, forecast to complete and design feedback.**

**You can expect:**

- All-inclusive labour and plant rates, reducing risk to clients
- Open and honest communication throughout the project
- Project management
- Project engineering
- Design services
- Site supervision
- Subcontractor management, including sourcing quotes

Successful project management

- Western Turner Syncline 2

A worker in an orange safety suit and helmet stands in a large industrial facility, looking at a massive pile of waste being processed by machinery. The scene is dimly lit, with overhead lights illuminating the waste pile and the worker. The background shows a complex structure of pipes and metal beams.

Waste management solutions

# WASTE & RECYCLING

## HANDLING YOUR FUTURE TODAY

**Need high specification machines specifically suitable for the waste and recycling industry? We offer a full site survey to ensure you get the right machine for your site and operation.**

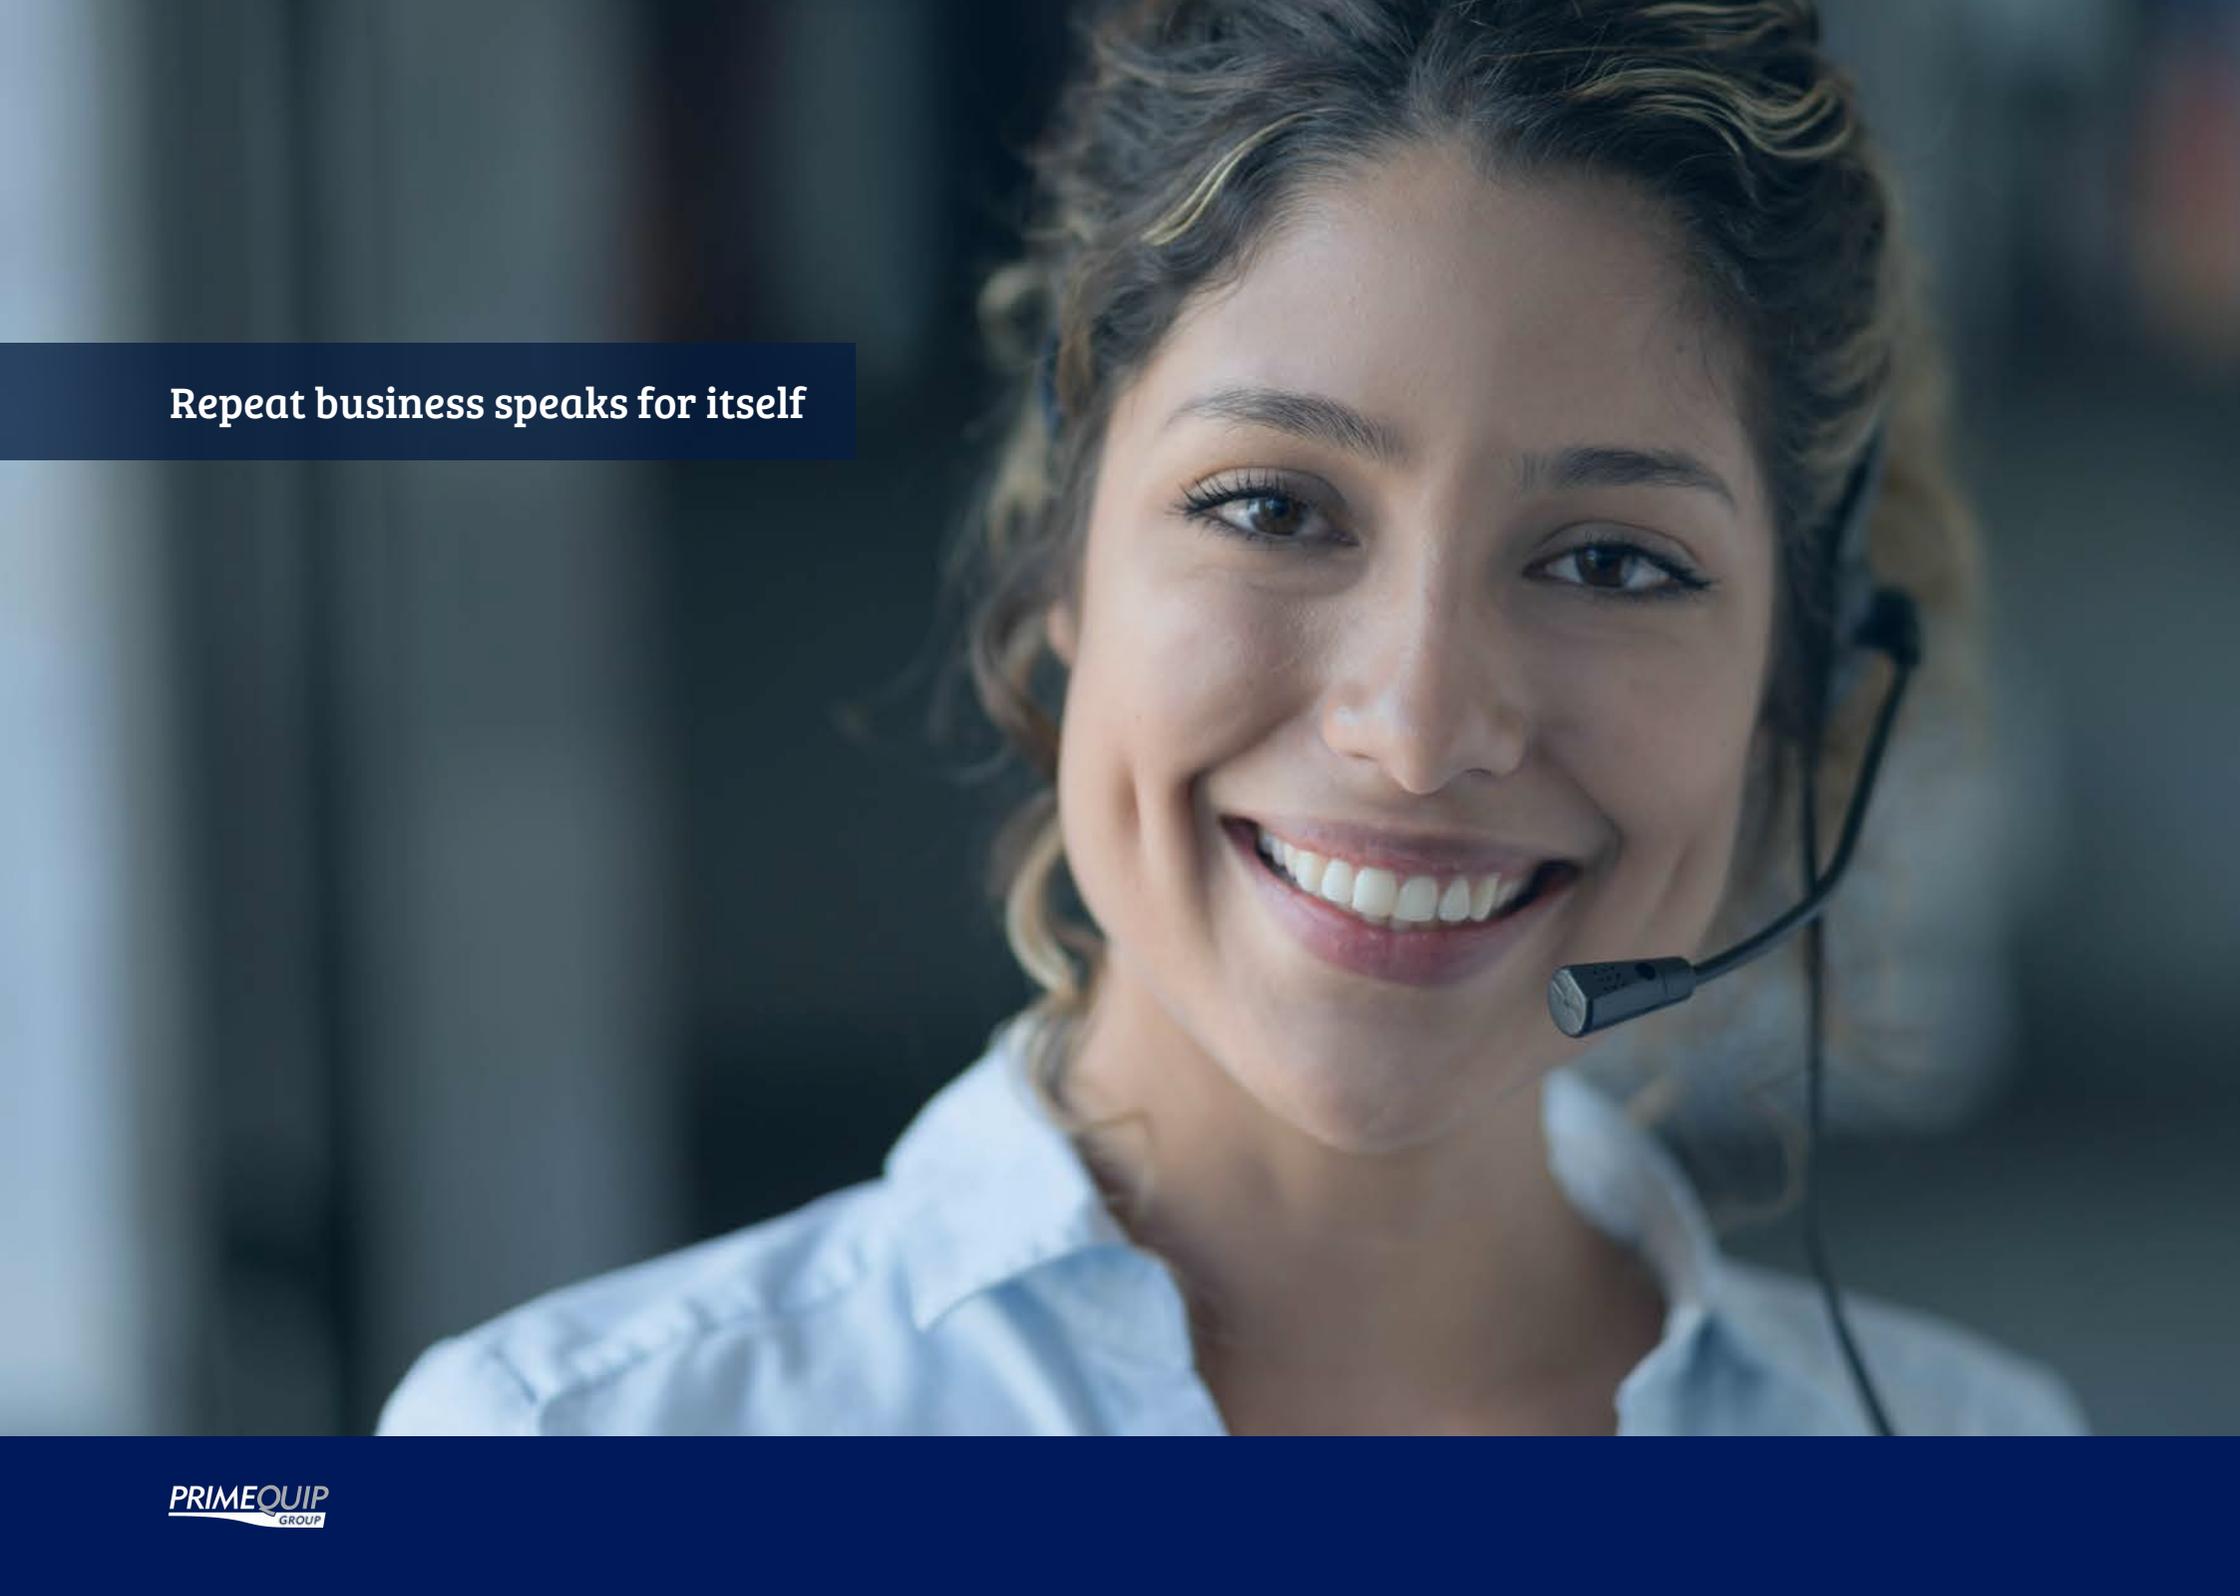

**Primequip supply machines with heavy duty attachments including general purpose buckets, bale clamps, rotators, bucket and grapple and high tip buckets.**

**Our range of tyres, such as standard industrial spec, foam filled or SG revolution, means we can meet the needs of your specific site.**

**Various types of reverse alarms, cameras, mirrors, anti-collision radars, seat belts and rotating beacons are available – giving you confidence your health and safety obligations will be met.**

**Machines are offered on short or long term contract hire periods with full service and maintenance, we strive to offer flexible agreements to allow for those unforeseen circumstances.**

A close-up photograph of a young woman with curly hair, smiling warmly. She is wearing a black headset with a microphone. The background is softly blurred, showing another person in a similar setting. A dark blue horizontal bar is overlaid on the left side of the image, containing white text.

**Repeat business speaks for itself**

# TESTIMONIALS

"Primequip were a pleasure to work with and were very responsive to the project teams requests. They managed and delivered the individual components of the project in a professional manner and provided excellent communications and a solution-driven approach to any challenges faced. I would have no hesitation in working on another project with Primequip and can highly recommend their services."

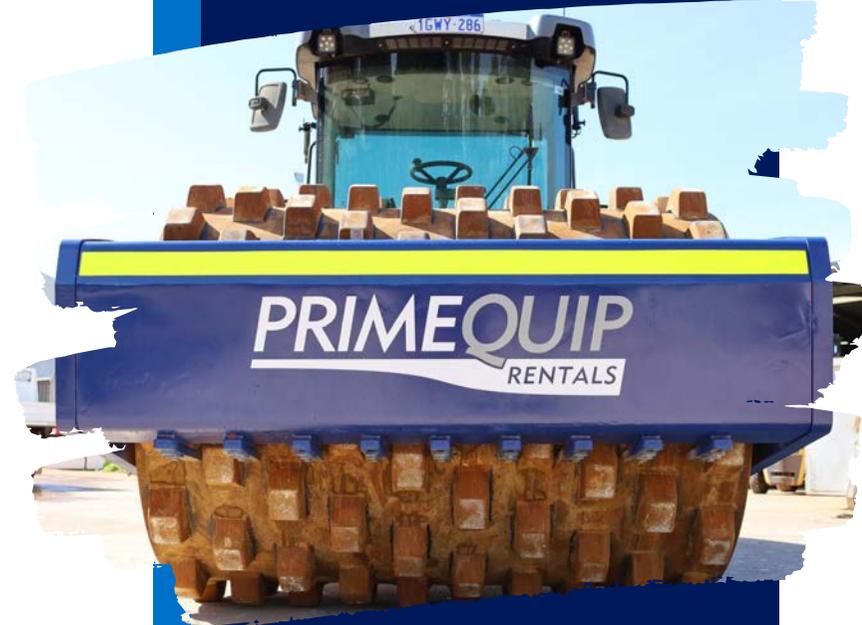

Dave Reeves  
Managing Director  
Calidus

"I thoroughly enjoy working with Primequip. I have been impressed with their communication, professionalism and commitment to excellence. As a freight company, we rely on our partners in the construction industry to ensure that our deliveries are timely and in accordance with site requirements. Primequip consistently deliver on their promises and have proven to be a reliable and trustworthy partner for our business."

Murray Grime  
Managing Director  
Hasta Manana Transport

"From initial planning to commencing work on site, Primequip have been a pleasure to work with. Prompt responses to all enquires and willingness to assist has set them apart. Their plant is in excellent condition and operated by skilled operators. A great addition to our crew and look forward to working with them both now and in the future."

Barry Langan  
Senior Project Engineer  
Gooring Jimbila Contracting
